

# Thunder Bay Regional Health Sciences Centre

## Opportunity for Endourologist in Thunder Bay, Ontario, Canada

### Position Description:

The Department of Surgery is seeking a full-time endourologist to become a part of the team at the Thunder Bay Regional Health Sciences Centre (TBRHSC) located in Thunder Bay, Ontario. The successful surgeon will join an established group of six urologists at TBRHSC and can anticipate to start by May 1, 2025.

### Specific Skills:

The ideal candidate should possess postgraduate training and experience in advanced endourology. A strong background in percutaneous renal surgery and minimally invasive endourological techniques is essential. The physician will be responsible for providing urology services at TBRHSC, as well as at three regional hospitals (approximately one visit per month), and will also participate in the urology on-call schedule at TBRHSC. Candidates who have a keen interest in clinical program development, teaching residents and medical students, and engaging in research are particularly encouraged to apply. Experience in endourology research and surgical simulation is highly valued.

### Remuneration:

Compensation for this position will be based on clinical billings (fee-for-service). Eligibility for licensure with the College of Physicians and Surgeons of Ontario is required.

### Serving Northwestern Ontario

Thunder Bay Regional Health Sciences Centre provides healthcare services to Northwestern Ontario, extending from east of White River to the Manitoba border in the west, and from Hudson Bay in the north to the United States border in the south. It is the sole acute care hospital in the City of Thunder Bay and operates one of the busiest emergency departments in Canada, as well as being the only tertiary hospital in Northwestern Ontario and a regional referral center for ten smaller regional acute care hospitals.

### Academics & Learning

Learners play an important role at our Hospital. We are the **teaching hospital** of choice for learners from the Northern Ontario School of Medicine, Lakehead University, Confederation College, and other partnering academic institutions. We are an academic health sciences centre, committed to teaching the next generation of health care providers. Our new **Simulation Centre** allows practitioners to practice and expand their knowledge and skills within a safe and controlled environment.

### Research Will Transform the Future of Health Care

The Thunder Bay Regional Health Research Institute is distinct. Until very recently, health research facilities of this calibre would be housed in a major metropolitan centre. Indeed, our scientists found that Thunder Bay's size and status as a regional hub has **tremendous advantages**, particularly access to collaborators. We are able to focus our research to address the health care challenges unique to our region.

### Living in Thunder Bay

In addition to working at a worldclass academic health care facility, you also have the city of Thunder Bay and surrounding area at your back door. We are known for our access to the **outdoors**: hiking, fishing, camping, snowshoeing, skiing; we have it all!
