

THE ULTIMATE SUITS YOU

Minimally Invasive Urologic Surgery Fellowship at Mackenzie Health

We are currently accepting applications for the 2026-27 academic year.

Program Overview:

A one-year postgraduate University of Toronto accredited fellowship program providing specialized training in minimally invasive urologic surgery. Eligible applicants must have completed a Canadian urologic residency and be able to obtain certification in the Royal College of Physicians and Surgeons (FRCS(C)).

The program offers hands-on clinical experience with advanced endoscopic surgery for benign prostatic hyperplasia (Greenlight Photovaporization of the Prostate), stone disease (percutaneous renal access, ureteroscopy), urologic oncology, laparoscopic, microsurgical and reconstructive surgery.

About Mackenzie Health:

Mackenzie Health is a dynamic regional health care provider which includes two sites, Mackenzie Richmond Hill Hospital and Cortellucci Vaughan Hospital – Canada's first Smart hospital and the first net new hospital in York Region in more than 30 years – as well as a comprehensive network of community-based services. With over 500,000 residents in Southwest York Region, Mackenzie Health is proud to serve one of the fastest growing and most diverse communities in Canada.

Interested candidates should forward a letter of interest and CV to:

Dr. Rohan Shahani
